'Innovación 2013 - Innovations to Commercialization', Gujarat Innovation Society (GIS) in association with Laghu Udyog Bharati , GSPMA, IDMA-GSB, GESIA, GIL and GUJCOST under Dept. of Science & Technology conducted this event. This started with a mentoring session for **thirty five select** students interested in Innovation from leading educational institutions like IIT, DAIICT, PDP, Nirma Univ among others. They were mentored by Mr. Aravind Chinchure-AVP, Reliance Innovation Leadership Centre, Dr. H. C. Pattnaik- Executive Director, GVFL & Mr. Prashant Gandhi, Director, Siddhi Group

Mentors at Innovación 2013 – Innovations to Commercialization

▶ **Mr. Prashant Gandhi, Director, Siddhi Group** and Mentor said, “ To be able to modify an existing product or module to suit our requirement is also an attempt to innovate that should be encouraged. Innovation can happen anywhere and anytime. In fact, we have several examples to prove that when it comes to innovating, factors like money, location or background can never act as a constraint.”

Dr Aravind Chinchure-AVP, Reliance Innovation Leadership Centre.

“The youth is one of the key influencers that will decide the pace of corporate growth in the near future and propagating a culture of innovation within them will contribute majorly in betterment of the economy. However, we need to emphasize on the concept of social and inclusive innovation” said Dr Aravind Chinchure-AVP, Reliance Innovation Leadership Centre.

▶ **Dr. H. C. Pattnaik- Executive Director, GVFL** said, “Often an innovative idea dies due to lack of funds even before it is able to make an impact on the society. To avoid such scenarios, we need to develop an efficient funding system where innovators can be sure of being heard and supported. This will encourage the innovators to think more freely and in turn will lead to better innovations for the society”, added Dr. H. C. Pattnaik- Executive Director, GVFL another mentor at the workshop.
